A5) Bring Improvement in the livelihood resources and improve access to better sanitation and enhanced income sources with dignity for rural women

Supported by : Thyssenkrupp Industries, Pune (Maharashtra)

Goal : Women members of the self help groups in the villages able to undertake group activities for enhancing their livelihood related income through utilizing their own skills and organized efforts.

Objectives:

- Identification of present lacunas in the skill base among self help group members.
- Provide adequate inputs for improving their skills together with strengthen their entrepreneurship capacity.
- Establish better coordination in between various stakeholders like (bodies of local self governance and various government agencies, private firms) to provide better atmosphere for entrepreneurship promotion among women self help group members.
- Provide adequate skills and knowledge on quality control, marketing requirement and marketing their products.
- Community based institutions will take leading roles to keep the hygienic atmosphere around the village, significantly protecting common wells and water bodies from contamination, ground water safety, building and maintenance of toilets, solid waste management through community participation.

The project has been completed last year. In this year follow-up activities were carried out. The training material and equipment's were handed over to the women beneficiary group for livelihood support.

A6) HRDP - Holistic Rural development Program

Date of Starting	September 2019 (Pendra) & Dec 2020 (Gariaband)
Supporting Agency	HDFC Bank Limited
Location of Project	Chhattisgarh - Pendra - Gorella & Gariaband blocks
Coverage	8 Village in Pendra and Gaurella block, 3478 Families 15 villages in Gariaband Block

Objective:

- To uplift and sustain the livelihood, health & education of people in 08 villages through financial inclusion

Activities Carried Out during the year:

#	Name & brief description of the activity	Date & Location	Beneficiaries covered
1	Support for science lab in schools	High school Sadhwani (Pendra)	300 students
2.	Promotion of home-based enterprises	Gaurella & Pendra	05 units with SHGs
3	SHG strengthening	Gaurella & Pendra	69 SHGs
4	Agricluster support for Lac promotion	Gaurella & Pendra	17 Farmers
5	Smart digital class support in schools	Gariaband	05 schools

Case Study 1 - SHG

Location : Village Bhandi and Ranijhap Village, Block Pendra, District Gaurella-Pendra-Marwahi C.G.

This is the story of Gauri SHG of Ranijhap village which is 15 km from Gaurela block and district place also and comes under Bariumrao Gram Panchayat. This SHG was formed in the month of March, with 10 members. They live near river passing from outside of one corner of the village. This is a vulnerable community of this village in which all members are in ST category and 4 members are landless. Their only source of income is farm labour in the local area. And other members have 1 acre average landholding from which they generate Rs. 40,000/- yearly income from agriculture.

NIWCYD Social worker Manish Goyal conducted meeting with members and explained the project. SHG member Sushila Didi said "What to do for extra income generation". suggested making SHG the name of Gauri then continues meeting with them and organized continue 4-month training and meeting program with SHG strengthening. SHG was feeling good and said they need to take permission with her families then Manish goyal social worker staff

organized the next meeting with her family members who makes the decision for her then greenhouse support by our HRDP Project for enterprise development for income generation activity.

Smile SHGs :

Smile SHG at Bhandi village and own gram panchayat which is 15 km from Pendra block and 23 KM from Gaurela district place This SHG is the one-year-old formed by NRLM in 2019. All members are ST category. 2 members out of 10 members are landless and 7 Members out of 10 members work daily laborers in their nearby Pendra block. other members depend on forest and Agri labor. irrigation facility and landholding capacity is small average 1.1 -acre land per member, 40 thousand per year per member income generated before they were involved in our HRDP program

They organized meetings with our social worker sudhan Sarkar. He explained our project objective and theme After 2 months of continued meetings with Smile SHG for motivation and strengthening. they involved in our program on greenhouse income generation activity

The output of our program -after receiving support from HRDP project most of the women go to alternate days for laborers now they are developing Semialata 6000 nursery plant and they are planning for vegetable nursery after semialata batch After one week they will sell their nursery in our HRDP project

Case Study 2 - Green House

Sustainability plan for Green - house:

We have planned the Farmer producer organization development plan in this year's support by HRDP program. all greenhouse beneficiary will be shareholders of FPO so all farmer's nursery will be developed in the greenhouse. also, FPO will develop their own nursery in greenhouse

In the current situation all farmers using Hy-Seed for vegetable crops. Hy-Seed nursery not develop properly in the outside climate in the greenhouse conditions of radiation, temperature, and relative humidity must be controlled optimally to generate the best possible weather conditions for the development of plants, and these greenhouses provide the best features for this: Large volume of air. Allows mechanized farming inside.

Greenhouse in Bhandi village

A7) MARS Affordable Nutrition Initiative in Nagpur

Date of Starting	Jan. 2020
Supporting Agency	TINI - Tata Trust
Location of Project	Vidarbha, Maharashtra
Coverage	10,000 people

Objective:

	child marriage			
6.	Social media campaign and FB Live	Every month Campaign 15-22 May 2021	8 FB live with 9500 viewership	
7	COVID Support activities	March - April 2021	30 youth and 450 beneficiaries	Linkages provided to COVID patents
8	Evidence generation study	October - December	154 children	Study conducted in 4 wards and 16 slums
9	PSS Support	Through the year	56 children in CCIs and 369 people in the community settings.	Sessions in Child care institutes as well as in communities

Major Outcomes :

1. COVID centric DAP Submitted - Zone level child protection plans have been reviewed with the help of children, youth and other CP functionaries and submitted to the BMC zone offices. A complied document of district action plan also has been prepared and submitted to the district level authorities.
2. Children as the change makers - Children and youth leaders who are involved in our field level efforts are growing as the change makers and bringing change in their community by using the space to raise voice. Child leader Tanya jatav participated in district task force and submitted about the problems of schools and AWCs in community. She also raised voice for substance use by children in slums. Tanya, Pallavi and Riya were the child speakers in the BMC assembly with the commissioner and stated about the child protection issues. Children and youth leaders also organized the painting exhibitions in police stations.
3. System functioning for child protection - District level training has been organized with education department including all sankul principals. Sessions with teachers and students have conducted as the result of this orientation. WCD reformed the ward level CPCs and trained them with the help of us through master trainers. Training of safai workers conducted after the coordination with BMC commissioner. Child marriage and child labour cases raised by CP structures.
4. COVID Support to community - a large number of SOS calls attended by our youth volunteers and linked them for the services. Vaccination camps and awareness drives conducted by the youth volunteers.
5. Children for sponsorship - list of 141 CNCP children have been prepared after a discussion with JD WCD and submitted to the department. Another

list for CM Bal Kalyan Yojna of 21 children who lost their parents due to COVID is also submitted to the department.

B2) CHILDLINE, Wardha, Maharashtra

Date of Starting	July 2012
Supporting Agency	Childline India Foundation, Mumbai
Location of Project	Wardha, Maharashtra

Major Activities:

- Weekly Meetings held with team members - 60
- Awareness programmes conducted - 11
- Open house programmes held - 8

The table below summarizes the achievements during the reporting year -

I. Interventions	Nos.
Medical help	39

Case Study

Case ID	:	WR/259623
Client Name	:	Krushna
Client Age	:	3 Months
Client Gender	:	Male
Name of Caller	:	Saroj Naresh Chikate
Gender	:	Female
Caller Age	:	25 Years
Type of Case	:	Baby Selling (PFA)
Address	:	At. Sailpar TQ. Baihar, Dist. Balaghat (MP)
Name of Childline Team Member	:	Ms. Shital Ghodrao

Details of Call : Caller called on 27/9/2020 regarding a baby sold by the founder of "Punrjannam Ashram" of Butibori Dist. Nagpur. Client's mother is asking for rescue of her baby and to get her back.

Verification of the case : On 28th of September 2020, Childline team visited at the venue at Beghar Nivara Gruh, Wardha and contact with the caller. Childline staff peacefully discussed with the caller and tried to get real fact and information related to this case. Childline Team discussed with the client mother named Saroj Chikate. She told us that she was living along with her baby at Punrjannam Ashram at Butibori. Founder of Ashram named Prayag Dongare sold her child, she told us.

Detailed Case history: During discussion client's mother Saroj said that she is basically from Bilaspur (CG) and was doing labour work at Hyderabad. There she married with "Naresh Chikate" and got pregnant. During the Covid-19 lockdown period both shifted at Butibori in Nagpur district. Naresh was a heavy drinker (alcoholic) and he was beating her daily and was harassing her. Her delivery period was coming nearer but

nobody was taking care of her. Even Naresh family members were not supporting her. So, the client's mother registered FIR at Police Station at Butibori. When she registered FIR against her husband, her husband did not allow her to stay at his home. He was counseled by the police persons to take care and keep her with the family but her husband was not ready to keep her with his family. At that time she was six months pregnant.

One day when Saroj went to hospital for regular check-up, there she meets Vidhya tai, Social Worker and owner of Restaurant/Hotel. She listened to her case and assured to help her. Vidhya tai kept her at her Restaurant till her delivery. Saroj gave birth to a male baby, after delivery Vidhya tai took Saroj with her child at police station. There Mr. Prayag Dongare, founder of Sath Foundation, Butibori came in contact with these women and kept child and mother at Sath Foundation "Punrjannam Ashram" at Butibori. She stayed there for a period of two months.

One day the founder of this Ashram, Mr. Dongare said to Saroj that we need to make your Aadhar Card and took her to Nagpur. He prepared adoption agreement documents and took her signature on the documents. When she came back and asked about her child, Prayag Dongre replied that "Why you want to know about the child? Child is okay, wherever he is". But she kept on regularly asking about her baby.

One day she saw that those who took the baby were paying some amount and talking about giving more money. That day they burned all the documents related to her child. This is the way Saroj narrated her case story.

Assistance provided : On 29th September 2020 we presented Saroj at CWC. CWC listened her case story. Saroj said that Prayag Dongre, Ashram founder sold her child. After hearing the story she was referred to "Beghar Niwara" Wardha. CWC said that they will inform the DCPU and CWC Nagpur and asked to register revised FIR in this matter.

Follow up : On 15/10/2020 regarding the case of Saroj Chikate called us and said that Prayag Dongre and someone came to Beghar Niwara Center to take me. But she had not any idea where they were taking her. So the Childline Team took Saroj Chikate at Childline office where she narrated all incident to the coordinator. Then we present her at CWC. In CWC, she told that they kicked me out from Beghar Niwara and they took my thumb impression on some document. CWC contacted Bhute Madam and asked about the matter, Bhute Madam replied that Saroj is not living well in Beghar Niwara that's why we can't keep here. So, CWC gave letter to "One Stop Center" to keep her.

Follow up : On 16/10/2020 CWC gave letter to Childline regarding registering FIR at local police station. On 17/10/2020 we took Saroj Chikate at Police Station but police

said that matter location comes under the Butibori Police Station, so you should file FIR at Butibori Police Station.

Follow up : On 18/10/2020 we reached Butibori Police Station with Saroj Chikate. There Saroj told all the incidents to PSI Mr. Lakde . And case was registered on the basis of her information. In FIR they charged IPC 420 and according to JJ Act 80, 81 charges were framed.

Those who had taken her baby that “Behra Family” was called to Butibori Police Station. Saroj identified her baby. PSI Lakde, DCPO Pathan of Butibori Police Station, handed over the baby to Saroj Chikate in presence of Nagpur & Wardha Childline.

Rehabilitation Process : We have admitted Saroj and her baby at Swadhar Gruh of Bhartiya Adim Jati Sevak Sangh, Nagpur.

B3) CHILDLINE, Mandla, Madhya Pradesh

Date of Starting	July 2013
Supporting Agency	Childline India Foundation, Mumbai
Location of Project	Mandla, Madhya Pradesh

Major Activities:

- Weekly Meetings held with team members - 25
- Awareness programmes conducted - 807
- Open house programmes held - 11

The table below summarizes various achievements during the year -

I. Interventions	Nos.
Medical help	20
Shelter	43
Repatriation	01
Rescue	00
Death-related	00
Sponsorship	74
II. Missing children	03
Child lost	15
Parents asking help	00
Information about Childline and Volunteer	18
III. Emotional support and Guidance	11
IV. Others intervention	91
Total	276

B4) Strengthening community structures and civil society participation to promote inclusive, sustainable, child-friendly cities (SDG 11) in the slums of Mumbai and Bhopal

Date of Starting	1 Feb 2019
Supporting Agency	Terre des Hommes
Location of Project	Bhopal, Madhya Pradesh
Population Coverage	3614 families in 11 settlements, 393 MC member, 210 CPC members, 389 children group members and 289 youth group members, 22 children with disability, 2000 households for waste separation and disposal, 1200 patients of the health camps. Indirect target are 4,000 households benefiting from water and sanitation services; 3,000 schoolchildren gaining access to nutrition and sanitation services.

Objectives:

To contribute to SDG 11 in India: making cities and settlements inclusive, safe, resilient and sustainable.

- Create Community structures to promote the implementation of SDG 11 in the slums of Bhopal are established and strengthened.
- A public dialogue on child-friendly spaces in the slums of Bhopal is established.
- The participation of the households and civil society in all 11 communities makes the slums of Bhopal cleaner, healthier, more educational and more integrative.
- Networking and knowledge transfer between municipalities, civil society and government agencies concerning the implementation of SDG 11 is institutionalised.

Activities carried out during the year :

CASE STUDY - STEP UP

Name - Santosh Verma

Age - 44 Years

Mother Name - Indra Verma

Father's Name - Omkar Verma

Address - Banskhedhi, Bhopal

It is a transforming story of Mr. Santosh Verma, a person with disability; he came in contact with the NIWCYD organization from August 2019. He told that till the age of 42, his feet were perfect and used to make a living for the family by doing the work of Beldari. But one day there was an infection in his toe leading to stumbling in the foot. Even after getting a lot of treatment, his infection did not get cured and kept on spreading; gradually the infection spread all over his feet. Eventually he had to have his paw amputated.

When a survey was conducted by NIWCYD for the identification of the disabled, A team member (Ms. Vidhya Chourasiya) contacted him to be participated in workshop; in which he get informed about the process of getting a disability certificate. After the workshop we supported him for getting disability certificate and in September 2019 he got the disability certificate.

During formation of Mohalla Committee at Banskhedhi Santosh Verma has also been joined as a special member and he attended the meetings. He also participated in various activities specially organized for PWDs. In January 2020, under the aegis of Narayan Seva Sansthan and Bhopal Utsav Samiti, he was examined in a camp for artificial limbs. Where his feet were measured but due to Corona the lockdown imposed and he could not get the callipers.

In January 2021, he was also registered for unique handicapped ID in the "Sparsh portal" and got his UDID this card can be use instead of many documents. On the basis of which he applied for disability pension. In January 2021, again under the aegis of Narayan Seva Sansthan and Bhopal Utsav Samiti, a camp was organized for artificial limbs, in which callipers were installed according to the measurements given in the past, as well as disabled accessible toilets were also built by the organization in his house.

With the availability of these facilities, now he is able to use the toilet easily and now able to walk without any support and crutches. Now he is very happy.

B5) Trapped in Cotton 2.0

Date of Starting	Nov 2019
Supporting Agency	Save The Children India
Location of Project	Sendhwa and Badwani blocks of Badwani district of Madhya Pradesh.

Objectives: The overall strategic objective of Trapped in Cotton 2.0 is to reduce and prevent child labour in the cotton farms of 100 villages in Sendhwa and Badwani blocks of Badwani district of Madhya Pradesh.

Activities carried out during the year:

#	Name & brief description of the activity	Date & Location	Beneficiaries covered
1	Covid-19 Humanitarian response	15 Villages of Barwani & 25 villages of Sendhwa block	6000 people
2.	Child Protection committee meetings	Barwani & Sendhwa block	1218 people participated
3.	Life Skill & Finance Literacy Youth - Training	Barwani & Sendhwa block	1016 Youth
4.	SHG Group Support for Business	Barwani & Sendhwa block	20 SHGs
5.	Farmer's Group Meeting	Barwani & Sendhwa block	503

Major Outcomes: More than 6000 people from communities are supported during COVID for ration and emergency need support.

B6) Construction of Government Primary School, Jamkhar, Dist. Jabalpur, MP

Date of Starting	June 2020
Supporting Agency	CAF India
Location of Project	Jamkhar village, Jabalpur

Objective: To provide smart education activity support to government school and construction of classroom, office, library room with water and sanitation facility.

Activities:

- Drawing and design finalized by the architect and civil engineer
- Construction work started. 50% construction of the building completed

C. HEALTH

C1) Realizing WASH Rights of the Marginalized and Improving for Quality Access of WASH services in Dindori District, Madhya Pradesh

Date of Starting	December 2013
Supporting Agency	Water Aid, Bhopal, Madhya Pradesh
Location of Project	Dindori District, MP
Coverage	No. of Villages - 63 (22 Gram panchayats); 8360 Baiga families, 2019 Gond families and 1080 other backward communities

Objectives :

- Provide safe and pure drinking water
- Toilet construction, use and maintenance
- Behavioral change in sanitation and hygiene

Building cadre of frontline workers team for triggering and demand generation for toilet construction and improve usage and also promote concept of WASH & bring in behavioral change amongst community in 22 GPs of Dindori district.

Key Activities:

1. Water testing – chemical & biological
2. Spring based Pipe water supply scheme
3. Water source protection for safe water availability
4. Hand pumps repairing
5. Soak pit construction
6. Capacity building and strengthening VWSCs

Major Outcomes:

- Water testing of all the sources was done in 22 villages
- 45 families in villages Kathariya were supplied clean piped water for drinking
- 02 dugwells protected
- 10 Sock pit constructed near hand pumps for sanitation
- 1674 families were educated with set of personal hygiene messages. Regular washing of hands was adopted by the people.
- With constant follow-up at PHE Department drinking water supply was restarted in 02 villages after repairs of water pipeline.

C2) Promoting WASH Compliant Ashramshala in Maharashtra

Supporting Agency	A CSR Initiative of National Stock Exchange in collaboration with Tribal Development Department & Technical Support from UNICEF & Aided by WaterAid, India
Location of Project	Nandurbar
Coverage	14 Ashram Schools

Objectives:

- Provide safe and pure drinking water
- Toilet construction, use and maintenance
- Behavioral change in sanitation and hygiene

The project aims at creating awareness on hygiene and sanitation amongst students, teaching and non-teaching staff of Ashramshalas in Nandurbar district of Maharashtra state. Project also promotes the concept of WASH & bring in behavioral change amongst 14 Ashramshalas.

The infrastructure of WASH project in 14 Ashramshalas was completed last year. The assets created in the project were handed over to the authorities of Ashramshalas.

C3) Participatory Learning Action Program (PLA), Dindori, Madhya Pradesh

Supporting Agency	Health Department, MP
Location of Project	304 villages - 190 villages in Dindori Block and 114 villages in Samnapur Block, MP

Objectives:

- Reducing child and maternal mortality rate

Activity:

- Selection of 304 health workers (*Sehat Sakhi*)
- Training of Sehat Sakhi & ASHA workers - Four
- Awareness of pregnant women

Major Outcomes :

1. Registration of pregnant women started in health centre and with Asha worker.
2. Pre-natal health check-up increased

3. Institutional deliveries increased
4. Awareness on family planning increased

C4) Prajawala : Promoting WASH Compliant KGBVs in M.P. through renovation of WASH facilities, behavior change communication and operation & maintenance

Date of starting	August 2019
Supporting Agency	WaterAid
Location of Project	Jabalpur, Sidhi, Katni, Rewa, Singrauli, Damoh, Panna and Satna.
Coverage	The project is intervening in 60 blocks of 15 districts covering 10000 students of Kasturba Gandhi Balika Vidyalya. Indore consists 2 blocks, Dhar 11, Rewa 01, Tikamgarh 07, Chatarpur 06, Sidhi 06, Singrauli 03, Dewas 05, Morena 04, Balaghat 02, Seopur 03, Katni 01, Ujjain 04, Panna 03 and Satna 02 blocks.

Objectives:

- The major objectives of the project is as under:
- Renovation, repair & maintenance of infrastructure
- Installation of water storage facilities wherever needed
- Installing water supply pipelines where it is not existing
- Create awareness about proper maintenance, upkeep & management of water and its related infrastructure.
- Create awareness about water sanitation and compliance of standards of personal hygiene.
- Forming Child Cabinet and Adolescent Girls Group to create awareness among the students and maintain the infrastructure of KGBV hostel.

Major Outcomes:

- Regular Training on WASH Modules was helpful for the students to know the importance of hygiene and sanitation. It also helped them to properly maintain, upkeep & management of water and its related infrastructure at KGBV Hostel.
- Development of infrastructure in Indore, Dhar, Tikamgarh, Chatarpur, Sidhi, Dewas, Morena, Balaghat, Seopur, Katni, Singrauli, Rewa, Ujjain, Panna and Satna by facilitating students for fulfilling their basic needs i.e. access to safe drinking water etc.
- Active involvement of child cabinet members to identify any problem in hostel premises and sorting it out with the help of the management.
- Active involvement of Adolescent Girls Group to sort out any issue related to menstrual health hygiene and ensuring proper maintenance of dignity room.

- Training for non-teaching staff helped them to develop good and healthy practices such as washing their hands before preparing foods for the students.
- Installation of water tank helped students to access water in sanitation blocks in Indore, Dhar, Tikamgarh, Chatarpur, Sidhi, Dewas, Morena, Balaghat, Seopur, Katni, Singrauli, Rewa, Ujjain, Panna and Satna.
- Active participation of all girls helped them to bring required changes in their villages through creating awareness about hygiene and sanitation among the villagers.

C5) WASH Initiatives at Shanti Nagar Slum

Date of starting	April 2020
Supporting Agency	HCL Foundation
Location of Project	Nagpur City
Coverage	400 families of Shanti Nagar Slum

Objectives:

- To make Shanti Nagar slum Open Defecation Free by providing Septic Tank Based toilets to 200 Families
- To provide solutions for safe disposal of Wet & Dry Garbage & grey Water
- To provide BCC Training to community people

Pregnancy days were tough with HCLF got relief.

Mrs Rachana Bawanea 32 years pregnant woman. Her husband is a meager daily wage earner. They have a son of 10 years. In search of work, they migrated from Madhya Pradesh and came to Nagpur and took shelter at Shanti Nagar slum. Residing in a house with no toilet and hence compelled to go for open defecation. During rainy days, Snake bites and other poisons insects and reptiles was the biggest danger. Also, water logs on the way to open defecation was the direct threat of accidents. Thus the second pregnancy had become a tough time for her. But, when they became

beneficiary of WASH Initiative and benefited with a toilet at home her pregnancy days have become happy days and it has impacted positively on her mind and health. She finds no words to show her gratitude for HCL Foundation for the worthy help and NIWCYD.

- **400 Families benefited with 2 (Two) Dust Bins** to each family to manage Wet & Dry Garbage
- Project 2 (1st January 2021 to 31st March 2021) Total Beneficiaries: 1700

● **100 Families got support for Kitchen Garden Development**

Project 1 (1st April 2020 to 31st Dec 2020) Total Beneficiaries : 398

● **BCC Training to community people**

Project 1 (1st April 2020 to 31st Dec 2020) Total Beneficiaries : 208

Project 2 (1st January 2021 to 31st March 2021) Total Beneficiaries: 174

C6) Construction of Saptrashi Hospital for Community Service

Date of starting	Jan 2021
Supporting Agency	CAF India
Location of Project	Jabalpur, Madhya Pradesh

Objectives: Construction of hospital building for providing comprehensive health services to poor community in central India.

Activities:

- Drawing and design of the building was prepared by architect and civil engineer.
- Preparatory work for Foundation completed.

D) WOMEN

D1) Tejaswini Rural Women Empowerment Programme, Maharashtra

Efforts were made to strengthen the 5000 women SHGs in Vidarbha region with support from MAVIM Mumbai. The project was completed in Mar 2015 and hand holding support is being provided to the groups through their federation for bank linkages and micro-enterprises.

D2) Usha Silai School Program

Project Duration	April 2020 to March 2021
Supporting Agency	Usha International Limited
Location of Project	Madhya Pradesh & Chhattisgarh
Coverage	4471 Women

Objectives: Build the capacities of women for self-development through sewing skills

Activities carried out during the year:

#	Name & brief description of the activity	Date & Location	Beneficiaries covered	Remarks
1.	Satellite School Trainings Total 06 Batches	09 Jan 21 to 21 Jan 21	60 Women	20 in Jhabua (MP) and 40 In Durg (CG)
2.	Classical School Trainings 6 Batches	25 Jan 21 to 12 March 21	60 Women	10 schools at each location - Kondagaon & Dantewada in Chhattisgarh, Hoshangabad, Bhopal, Mandla & Balaghat in Madhya Pradesh.

Major Outcomes:

1. 328 learners are provided with the certificates during the reporting period.
2. Women silai school teachers have made more than 45000 masks during the COVID pandemic.

D3) eShakti Programme (SHG Digitalization)

This project was implemented in Umred and Saoner talukas of Nagpur district with support from NABARD. Records of 350 SHG was digitalized which included bank transactions, bank linkages, members profile, etc. 400 key women SHG members were provided training on digital and financial literacy.

D4) Women + Water Project (Yavatmal and Wardha Districts)

Date of starting	April 2019
Supporting Agency	WaterAid
Location of Project	2 districts in Maharashtra – Wardha & Yavatmal
Coverage	6 blocks of Wardha District (Arvi, Seloo, Deoli, Hinganghat, Samudrapur & Wardha) and 5 blocks of Yavatmal District (Kalamb, Ralegaon, Ghatanji, Kelapur & Yavatmal) 15000 women & youth

Details :

District	1 st Year Villages		2 nd Year Villages		Total	
	VAP	Extensive	VAP	Extensive	Intensive	Extensive
Yavatmal	7	88	16	86	23	174
Wardha	9	71	18	70	27	141
Total	16	159	34	155	50	315

Objectives:

- To provide safe and secure water to all through village action plan ss per JJM
- To create water Quality surveillance system, by training local women and youth on FTK to conduct water quality test.
- To develop strong water governance system by empowering women leadership in villages on (PWSSO&M)

Activities conducted during the year:

S.N	Name of Activity	Numbers
1.	No of women and Youth trained on Water conservation, Water Budgeting, VAP and Jal Jeevan mission	790
2.	No of Women And Youth trained on Water Quality testing by using field testing KIT.	685
3.	No of VAP Prepared with Participatory process	34
4	No of Source Mapping for Sanitary assessment	720
5.	No of sources are tested by trained villager by using FTK	855

6	Community mobilization and Awareness on Water quality testing	395
7	Number of Water and Sanitation Committees formed	115
8	JJM Awareness Campaign (Villages)	114
9	COVID 19 Awareness Campaign - Villages	365
10	Campaign on Global Days. Ex. World water day, world women day, world hand washing Day, world environment day (villages)	30
11	Ratri Chaupal / Jal Chaupal - meetings	100

Project Achievements:

- 12,130 People, women & youth became aware about safe drinking water & water issue.
- In summer season the drinking water problem of 830 Families was resolved through supplying water tanker
- 109 persons trained on extension of pipeline water supply which helped in solving drinking issue
- 211 VWSC formed and trained on water issue & water budgeting.
- New water supply system sustained in 5,676 villagers got benefit by project awareness & government support.
- 7383 of water source tested for Water qualities pre monsoon & post monsoon done. People became aware about water quality.
- 78 Water user committees strengthened and trained in management of drinking water supply scheme.
- 2769 women & youth trained on village action plan (VAP).
- 34 VAP prepared and linked with gram panchayat for further action for pipe line scheme.
- 143 Trainings were conducted for women & youth on FTK through which they became aware about the contamination present in the water source and how to get the fresh & clean drinking water.

Online Covid-19 Awareness Campaign

During the COVID 19 Pandemic, Covid-19 online Awareness Campaign of 8 Days was organized in the month of April 2020. The campaign was focused on

- Regular Hand Wash
- Maintaining Social Distance
- Use of toilets and keeping them clean
- Behavior at the common places like hand pumps, water wells etc.
- Facilitating children in maintaining Hygiene.
- Practicing Personal Hygiene

- Physical Distancing
- Social Behavior

The online material audio, video clip & awareness message posters were provided in the project area. In Direct reach Daily 500 phone calls were attended & 4000-5000 by social media

In Indirect Reach: the team members were able to reach 9-10 villages Panchayat population covered (14,208) by Public Announcement in Temples, public places with the help of loud speakers & also audio clip were broadcasted on Radio Station Wardha (FM 90.8) which was played 20 times daily, which covered almost 163 Villages in Wardha and Yavatmal district.

Case Studies

1) Asha tai Komati

Age : 44 years

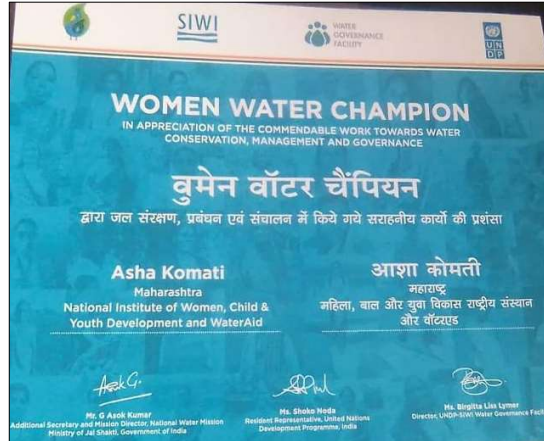

Education : 10th Grade

Occupation : Homemaker

Location : Shivani Khurd Village, Kalambe Taluka, Yavatmal District, Maharashtra

Asha's village had acute water scarcity, people had to bring water from their fields for drinking and household purposes. Lack of sanitation and cleanliness near the water sources was another important issue affecting the health and hygiene of people, NIWCYD started intervention in the village.

Asha came forward to lead the work, along with few other women, was trained on water budgeting and water quality testing. Asha led the group and started organizing meetings of the village women on the issue of safe and clean drinking water, sanitation as well as to explain water quality testing and how to do it. She also organized rallies and bhajans to create awareness. While working to create awareness in the initial period Asha phased resistance from the villagers, especially the elderly, who raised doubts about her efforts. Despite these hurdles, Asha continued her work. She convinced the GP to purchase the field water testing kit and pass a resolution to do regular water quality testing and make the report public so that everyone in the village would know the quality of water. Asha, with support from village women, ensured that soak pits were built at the household level. People from her village and nearby hamlets together developed 148 soak pits. Her efforts also resulted in the construction of 25 individual household toilets and well recharge structures.

2) Renuka Kotambkar

Age : 45 years

Education : Graduation

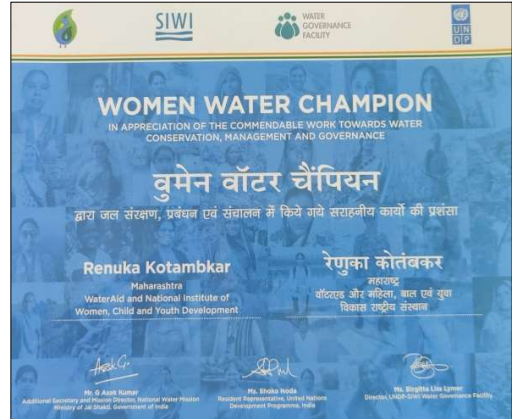

Occupation : Sarpanch

Location : Kotamba Village, Block Seloo, Wardha District, Maharashtra

The asymmetrical water supply scheme in Renuka's village compelled all villagers to depend on hand pump for drinking water. Only 30% families had toilets forcing the other disadvantage people to defecate in the open. During the summer season the water level in hand pump and in well was depleted. Making it difficult for villagers to get drinking water regularly. Renuka has been the Sarpanch for the GP for last 10 year.

She initiated the preparation of a soak pit near every hand pump in the village; as result water percolation increased the water level near the hand pumps. She also led coordination with the government department officials for repairing dam near the village. Rainwater harvesting structures were constructed in all four government buildings of the village. Apart from that, she initiate drive deepening and cleaning, waste water management, plantation and stream straightening activities.

Because of her continuous work, GP Kotamba received many awards at the district and taluka level. Due to her efforts, her village now has ample water for all households. She aims to continue her efforts in making her village completely self-reliant

D5) Support to Distress Women and Girls

Date of Starting: Dec. 2019

Supporting Agency: LES ENFFANTS AVANT TOUT

Location of Project: Nagpur

Under this program NIWCYD supported 30 women and girls during the year. Counseling and rehabilitation services were provided to them.

D6) Digital Literacy Program

Date of Starting: July 2020

Supporting Agency: Grameen Foundation

Location of Project: Nagpur district

Target: 2000 persons

Objective : To provide training to youth in urban and rural areas of Nagpur district for using mobile apps for online monetary transactions

Achievements : 2000 persons were trained and they are using digital mode of payments of utility bills and merchant transactions of their periodic expenses.

E) OTHER ACTIVITIES

E1) Rejuvenation of flood affected Schools buildings in Maharashtra and Gujrat

Duration of the project : 20th April to 30 August 2020

Supporting Agency : With the support of CAF India

Location of Project: District Kolhapur, Maharashtra & District Valsad, Gujrat

Objectives:

- A. To Support flood affected rural schools to streamline regular education of students.
- B. To provide learning supportive environment at damaged school.
- C. To build confidence about studies among students

Population Coverage:

Students studying the flood affected schools identified in this project. 750 students from 4 (Four) Schools in Kolhapur District of Maharashtra and approx 200 students of one school 1 (one) in the district of Valsad in Gujrat. Similarly, teaching and Non Teaching staff and Management of the flood affected schools.

Flood Relief Project Activities carried out during the year :

1. Selection of the School : Survey of schools in flood affected area was done. The survey team of NIWCYD talked to the School management to know more about the scale of damages due to flood. The report on damages and requirements of the school was prepared and sent to CAF India for approval Four Schools from Kolhapur District, Maharashtra and One School from District Valsad, Gujrat were identified for revival.
2. Procurement of required material and labour : The required material was procured from local vendors. These included Sand, Cement, Gitti, Bricks , Paint and other construction and white wash material. Mason, painters and Labour were hired from local area
3. Construction, Paining, establishing the library and Supply of Sports material :
The activities were undertaken under the supervision of NIWCYD Volunteers. Representative from the school was deputed to keep the vigilance and tactical suggestions by keeping the comfort of students in mind during the construction.

The material for Library was procured by taking into consideration the need of students and as per the requirement informed by respective school management. The sports material was also provided by considering the availability of sports ground and the generalized choice of students this included Volley Ball, Football, Cricket, Parade Drums etc.

4. Reporting and Documentation:
 - i. Requirements in writing from the management of each beneficiary

- school are collected
- ii. Cash Vouchers and vouchers against all expenses like, labour, travel, communication are kept in record for verification.
- iii. Photographs of all activities executed under this project are taken like constructed Toilets, lavatories, white wash to School Building, Library establishment, distributed Sports Material etc.
- iv. Activity Completion letter from the School Management is collected.

Major Impact :

The destruction due to flood were huge, it was difficult for Local Administration also to provide all support to needy people and institutions. All schools covered in this project are located in remote villages in Kolhapur District. These schools were totally helpless, students and their parents were worrying on re-opening of school and start of academics as the future of the students was at stake.

With the support of CAF India, SPX Flow, JLL the revival activities were undertaken by NIWCYD. This has directly impacted positively on the academics of school children of beneficiary schools, Teaching and Non-teaching staff members are also benefited.

Achievements :

- a) Two Toilets and Roof work on the toilets
- b) Two lavatories
- c) White wash of entire school building,
- d) Establishing library by providing cupboard & books for library
- e) Distribution of Sports Material

All above were provided to the following schools under this project -

- i. Vidyamandir, Village : Bhairavwadi (Kurundwad) Taluka: Shirol District: Kolhapur (MS)
- ii. Kendra Shala, Village: Shedshal Taluka: Shirol District: Kolhapur (MS) : Alas Taluka: Shirol District: Kolhapur (MS)
- iii. Kumar Vidya Mandir (Marathi), Village : Alas Taluka: Shirol District: Kolhapur (MS)
- iv. Marathi Vidyamandir, Village : Khidrapur , Taluka: Shirol District: Kolhapur (MS)

Similarly, following support was provided to under this project to Primary School (Government School)

Village : Solsumba, Taluka : Umargam, Dist. Valsad, Gujrat

- a) Construction Material
- b) Establishing library by providing cupboard & books for library

c) Distribution of Sports Material

E2) IFR/CFR Forest Rights Land Development Program

Project title : Develop Guideline on IFR/CFR land development

Project duration : April 20 to December 20 (Extension- January to June 2021)

Donor Organisation : FWWB (Friends of Women's World Banking), Ahmedabad

Objectives :

- Developing governance framework and operational guideline for development of IFR CFR land

Activities of the Project :

- To formulate Community Land Development Guidelines
- Formation of Working Group in Maharashtra, Chattisgarh and Madhya Pradesh
- Identification of Network Members working related to IFR and CFR Land
- Developing Training Manual on Community Land Development Program based on guidelines
- In Future Capacity building for Field Workers of Network Members. (Identifying training of Trainers)

Key activities carried

State level Groups

- Maharashtra State : We have identified 15 Groups working on IFR CFR issues and formed network
- Chattisgarh : We have identified 10 Groups in Chattisgarh on IFR CFR issues and formed Netork to work forward.
- Madhya Pradesh : In Madhya Pradesh we have identified 10 Groups in Madhya Pradesh State on IFR/CFR issues and formed network to work ahead.

Milestones :

- We formed Networks on IFR/CFR issues in Maharashtra, Madhya Pradesh and Chattisgarh State.
- Research Study and Baseline was done in Madhya Pradesh and Chattisgarh to identify issues of Individual Forest Rights Title holders and need assessment on Livelihood options.
- Orientation and capacity building of RRA Members from 3 regional groups was done and oriented with an approximate total number of 50 individuals and organization.
- We have oriented our groups in Maharashtra this period of lockdown on agriculture and MGNREGS scheme
- We made process document i) Agriculture Development Plan ii) Benchmarks of Paddy Cultivation in Tribal Areas. iii) Documentation on formation of Village Agriculture Committee
- Policy Deliberations : Meeting with Prasad Bhosale Research Officer Tribal Training Research Institute Pune, Dr Neeraj Hatekar Executive Director QUEST Evaluation and Research Department, Ashwini Kulkarni Pragati Abhiyan, Nashik, Millind Thatte VAYAM organisation and Member, Tribal Advisory Council, Gautam Nitaware Expert FRA Act, Avil Borkar Trustee Gramin Yuva Pragatil

- Mandal, Bhandara on Guideline on IFR land and Tribal Agriculture Development. Draft documents are processed to higher officials and Governor's Office
7. Draft Guideline and Protocol has been prepared. Send for comments to Prof Rohitjain TISS, Prof Dr Neeraj Hatekar Mumbai University, Shri Ravindra Wassan, Dr Sabyasachi Das, K Dharmaraju Agri Economist Bangalore
